# WELCOME TO IT-TRANS

## WHERE INNOVATION THRIVES

IT-TRANS is the leading International Conference and Exhibition focused on **intelligent urban transport systems**.

The 2022 edition of IT-TRANS will take place in person and online from **10 to 12 May 2022**, in Karlsruhe, Germany.

You can **attend the full experience on-site** or attend a selection of the sessions online from wherever you happen to be. We are in the process of designing a safe and accessible event where our audience can come together safely.

See you from 10-12 May 2022!

DAYS OF  
CONTENT

“By embracing digitalisation we can make operations more efficient and create the very best mobility options possible with the same aim in mind: better experience for all people.”

*Mohamed Mezghani*  
UITP Secretary General

# THE CONFERENCE

## ➤ ABOUT THE CONFERENCE

IT-TRANS is the leading conference where the brightest minds in the public transport sector meet to exchange, discuss and invent IT solutions.

The **3 day conference** will bring you up to speed with all of the latest technological innovations that matter in public transport.

You can expect to hear from over 180 speakers about numerous topics focused on IT solutions for public transport.

## KEY TOPICS

You will explore from an international perspective the following major trends and developments:

- Mobility-as-a-Service
- Contactless Ticketing
- Cyber Security
- 5G and Telecommunication
- Digital Transformation
- Autonomous Mobility
- Big Data and Data Governance
- On-demand and Flexible Transport
- Artificial Intelligence (AI) and the Internet of Things (IoT)
- Smart Cities and Integrated Network Management

# > PROGRAMME AT A GLANCE

We are busy preparing an exciting programme at IT-TRANS, that focuses on the real challenges the sector faces. We look forward to welcoming the public transport sector back to Karlsruhe. A selection of sessions will also be available for access online.

## ● PLENARY SESSIONS

These are unmissable sessions. Led by high-level speakers discussing transversal and major topics. Capture the vision of the sector. **Conference ticket holders only.**

## ● PARALLEL SESSIONS

Focused on specific topics – take a deep dive into the issues that matter most to you. **Conference Ticket holders only.**

## ● MARKET UPDATES

Discover the latest innovations and products. Presented by IT-TRANS exhibitors.

## ● E-POSTER SESSIONS

Bridging the gap between research and practitioners! This format aims to provide an interactive and personalised approach to participants to learn about new trends in research from a wide range of stakeholders.

## ● WORKSHOPS

Practical sessions in small groups for greater focus and interaction.

**Conference ticket holders only.**

## ● SOCIAL & NETWORKING EVENTS\*

## ● TECHNICAL VISITS

**Conference Ticket holders only.**

\*Access included with a conference ticket. Other ticket holders may purchase an upgrade.

### IT-TRANS Will Reach an Even Bigger Audience

Join us in Karlsruhe for the full IT-TRANS experience and **reconnect with your peers**.

**Unable to travel?** No problem, a selection of conference sessions will be **available online**, so you still get a taste of IT-TRANS.

# THE EXHIBITION

The IT-TRANS exhibition is bigger and better than ever with more innovative services and products. The key players from the industry will present **cutting-edge products and digital developments**.

Conference participants can get in contact with the exhibitors at any time during the three-day conference. Thus, you will gain extensive insights into the digital development of public and urban transport.

## BOOK YOUR STAND

Over 270 exhibitors from 35 countries

Book your stand now at [IT-TRANS.org](http://IT-TRANS.org)

Last remaining spaces

### MARKET UPDATE FORUMS

The Market Update Forums are dedicated areas on the exhibition floor where exhibitors share their experience and present solutions that have successfully been implemented in cities and regions around the globe. Benefit from real lessons learned!

### TECHNOLOGY & MOBILITY START-UPS

IT-TRANS offers start-up companies an individual stage. Interested visitors will learn more about new ideas and innovative approaches in the start-up Zone. Start-ups present their competences in formats as diverse as pitches and are open to discuss your questions in the open space of the Start-up Zone.

"We are completely satisfied with the exhibition and will be back next time. It is a very focused event that gives us the opportunity to meet a lot of key suppliers and our customers. Other big advantages are the compact exhibition layout of IT-TRANS and of the Karlsruhe Trade Fair Centre itself making it simple and quick to get around."

*Andrew McArdle Booker*  
Marketing Manager Transport, Crane Payment Innovations, Switzerland
