IT-TRANS 2022: Free webinar on 1 February 2022 “The Digital Hub Karlsruhe – Leading innovation in mobility”

Karlsruhe/Brussels, 28.01.2022 – What are the most important IT trends and opportunities in public transport? IT-TRANS 2022 is hosting a free series of webinars that provide in-depth insights into the latest developments that are shaping the future of urban transport.

The next webinar will take place on **1 February 2022 at 2 pm:**
The Digital Hub Karlsruhe – Leading innovation in mobility

Register for free here:

The webinar will give a taste of what's to come at IT-TRANS, which will be held from 10 to 12 May 2022 at the Karlsruhe Trade Fair Centre. It will also show why Karlsruhe is known around the world as a hub for future mobility technology and a centre of digital research and innovation. Leading figures and experts from the city will report on the latest innovations and developments, and will showcase the technologies that are revolutionising public transport in Germany and Europe.

They will include Tim Wörle from the Institute for Transport Studies at the Karlsruhe Institute of Technology, whose presentation “Modelling the Effects of Mobility Hubs – the example regiomove” will explore the increasingly connected nature of various mobility services, the intermodal use of transport and the modelling of locations for mobility stations. Taking the “regiomove” project in Karlsruhe as an example, he will explain how mobility can become more sustainable and efficient.

Other speakers and presentations include:

- Prof. Dr.-Ing. Anke Karmann-Woessner
Head of Planning Department
City of Karlsruhe
- Dr Frank Pagel
Manager Multimodal Transportation
Karlsruher Verkehrsverbund

Intelligent Urban Transport Systems

Topic: regiomove – Connecting multimodal mobility with infrastructure and beyond

- Dominic Ziegler
Software developer
INIT GmbH
Topic: Project KARL – Artificial intelligence supports dispatchers in public transport

Register as an exhibitor now and meet your future partners and customers

Trade fairs and conferences like IT-TRANS thrive on in-person discussions and networking. Over 270 exhibitors are already looking forward to the conference and exhibition, which will once again welcome industry players from around the world to the Karlsruhe Trade Fair Centre from 10 to 12 May. Companies have until 19 April to secure their stand at IT-TRANS. This is an unmissable opportunity to meet future partners and customers, and present your products and solutions to the key decision-makers in all areas of public transport.

IT-TRANS, the international conference and exhibition for intelligent solutions in public transport, was first held in 2008 in Karlsruhe. The biennial event quickly established itself as the leading platform for the industry. It is organised by the International Association of Public Transport (UITP) and Karlsruher Messe- und Kongress GmbH.

IT-TRANS is supported by the Association of German Transport Companies (VDV), the Italian transport association ASSTRA and ITS Spain.

The event is aimed at all organisations and businesses in urban mobility, in particular decision-makers in public and private transport companies, regional governments, transport authorities and associations. Around 270 international companies present their latest products and services at the exhibition. At the three-day conference, international speakers provide practical information on innovations in a series of sessions, workshops and presentations, along with recommendations on how to best use digital solutions in urban mobility.

The next IT-TRANS will take place from 10 to 12 May 2022 at the Karlsruhe Trade Fair Centre, under the patronage of the European Commission and Winfried Hermann, Minister of Transport for the state of Baden-Württemberg.
